VOL. 68 NO. 25 THURSDAY, SEPTEMBER 26 1963 CANYON, TEXAS 20 Pages, IN 2 SECTIONS 10 CENTS

High School Principal L.E. Miller sadly looks over the carnage in the hallway at Canyon High School. The lockers were emptied some time Saturday night with this shambles resulting. Two high school boys were arrested Tuesday in connection

with the incident. A similar incident took place at the school in the spring of 1962. Four boys were apprehended in less than 24 hours.

Randall Help Needed For Amarillo To Get In On US Road Money

Two Boys Arrested In Vandalism Case

Vandals wrought havoc at Canyon High School over the week end.

Lockers were opened and books and papers strewn up and down the hall. Notebooks were emptied and papers scrambled.

Two high school boys were being questioned Wednesday after their arrest Tuesday in connection with the vandalism.

The vandalism was discovered about 1:30 o'clock Sunday afternoon by Mrs. Clara Long, homemaker teacher, when she went to the school on an errand.

The vandalism was pulled off some time between 6:45 o'clock Saturday evening and the time when Mrs. Long discovered it the following afternoon.

Harry Jones, with the Simplex Time Company of Amarillo, left the building about 6:45 Saturday after repairing some school clocks.

Entry is believed to have been gained through an east door which was locked but not completely closed.

The vandals apparently were bent only on destruction. Money and expensive pieces of school equipment such as slide rules were dumped on the floor but otherwise ignored.

Desks in two classrooms were overturned.

Only one locker in the entire school system escaped. It belongs to David Pittard who was the only student to avail himself of a combination lock which the school offers for rent for 25 cents a semester.

A similar vandalism stunt was pulled off in the spring of 1962. The perpetrators of that incident were caught by officers within 24 hours.

Buffalo Is Stocked

Buffalo Lake has had a new stocking of channel catfish.

Bob Brown at the Wildlife Refuge said about 5,000 channel cat 6 to 8 inches long were stocked last week. They were brought in from a federal fish hatchery.

These fish should reach a size of from one to two pounds by next spring and fishing should be great at the lake, Brown said.

Trucks Must Have Sticker

Randall County authorities this week reminded farmers with grain trucks which have been stored all summer that the vehicles should have an inspection sticker before they are taken on the highways.

Drivers driving vehicles with a gross weight of more than 6,000 pounds must have commercial operators license.

Commercial operators license may be obtained the first, third or fifth Thursday of each month by taking a written test at the commissioners court room of the court house. Material on which the test is given may be found in the driver's handbook beginning on page 57. The book is available through the Department of Public Safety.

Feds Want Area Plan

Amarillo must have Randall County participation in an overall planning program or lose any chance for federal aid on the city's road system.

This is the gist of what Randall County commissioners were told Monday by Virgil McGee, assistant district highway engineer.

McGee told commissioners that a study must be made of road systems and probably land use in an urban area which extends into Randall County about a mile south of the proposed South Loop.

In order for Amarillo to qualify for federal aid for highways through it in the future, the state, both Potter and Randall Counties and the city of Amarillo must participate in the study.

"This must be done if you want federal aid in the urban area," McGee told the court. He said a study as to origin and destination of every street in Amarillo must be made as well as a study of probable land use of tracts falling in the urban area.

Cost of the project is \$175,000 with \$26,250, or 15 percent, to be borne locally. McGee said he has no idea of what portion of this amount Randall County would be asked to stand.

Commissioner Bill Burleson told McGee he would know this week if it will be possible to acquire right of way to go ahead with paving a 4-mile stretch of Farm to Market 219.

If the improvement is to be made Burleson's precinct must acquire right of way cutting off a 2 1/2 acre tract of land belonging to John Williams at the junction of the Umbarner road.

The right of way must be obtained to prevent a square corner at the junction. The state will not permit square corners in cases where state funds are used for construction.

A six mile stretch of South Washington from Palo Duro Highway to McCormick Road is to be widened. Right of way purchase will be necessary on only 1.8 miles of this road.

Right of way purchase is required to provide climbing lanes through the canyon area adjacent to Camp Don Harrington.

The remainder of the road to receive improvement will have two 12-foot lanes and two 8-foot shoulders. The thickness of the road base will be increased to 10 inches.

Commissioners court voted to purchase necessary right of way.

Tough Tussle Expected

Buffs Will Try Tigers

The West Texas State Buffaloes face their second toughest of the season Saturday at 7:30 p.m. in Buffalo Bowl.

Highly respected University of Pacific of Stockton, Cal. would add to its own prestige with a victory over Joe Kerbel's Buffs. The Tigers, as the Buffaloes, are independent.

University of Pacific suffered one of the major upsets in the country Saturday at the hands of Colorado State, 20-0. It broke a 26 game losing streak for Colorado.

Right Bowl, Wrong Game

A very prominent area man made his way to the Canyon Bowl ticket office at the Eagle football game last Friday night.

A woman, obviously his wife, plucked his sleeve. "I've got news for you," she said. "This is not the Buffalo game. It's a high school game."

The man, who is from Amarillo, sheepishly pocketed his money and the couple drove away.

But that is probably no sign of the Tigers power. They could have been looking forward to the battle with West Texas. If so, it could be a long night for the Buffs.

West Texas slipped past Arlington State College in its opener, 27-17.

It was reported that three prospects were eyeing three of the Tigers hefty linemen.

Those being watched were tackles Don Slackford, 6-4 245 and Dick Kirby a 6-0 255 pounder. Also 6-4 225 pound center Paul Latzke. All three are considered fine prospects.

Kerbel stated, "The University of Pacific has a well balanced attack. It has a very strong and powerful running game. Mistakes cost them a victory against Colorado State. The Tigers stress defense."

The Buffs will be facing a weight deficit both in the line and forward wall. University of Pacific will carry a tremendous 225 pound average upfront to only 200 compared to West Texas. The Tigers will average 186 to 184 for the Buffs in the backfield.

The Tigers are also very agile

for their size.

In reference to the game with Arlington State Kerbel said, "We weren't and the boys weren't satisfied with the win." So the Buffs are probably looking forward to the contest with the Tigers.

Jim Denny, 180 pound Borger guard, was rated as the outstanding lineman by Kerbel. "Pedro did an extremely fine and hard job of running," said Kerbel.

Also receiving high praise were John Varnell, end Quinton Eppinette and center Doc Rowell. Eppinette, on the second string going into the game, has been moved up to the starting unit.

Two outstanding quarterbacks will also have to be dealt with by the Buffs. They are Ernie Zermeno and Howie Campbell, both outstanding passers.

End Buck Delaney, 220, and fullback Smiley Verduco were outstanding in the contest last week.

Coach John Rohde builds the nucleus of his team from 14 junior college transfers. The Tigers are a young team.

Starting for West Texas will be ends Eppinette and Jim Osterlander, tackles Varnell and Jack Mayfield, guards Denny and Eugene Baldwin and center Charles Daves.

Composing the backfield will be halfbacks Pete Pedro and

Jerry Richardson, fullback Ollie Ross and quarterback Hoot Gibson.

Pedro scored the winning touchdown against Arlington on a 52 yard play around left end. He carried the pigskin 27 times for 162 yards.

It will be the first time for the teams to meet.

Saturday has been designated as "Amarillo Night" at Buffalo Bowl.

Bottomless Trash Can Worries City

His trash barrel has no bottom, the city won't pick up his trash so the man just wants to dump his own trash.

City Manager Dewey Bryant told City Commissioners Monday night that a man in Canyon wants his garbage collection rates waived. The man has offered to dump his own garbage.

The man's trash barrel has no bottom so the city has not hauled his garbage for several months. Bryant offered to furnish him with another barrel, but the man refused reportedly with these words: "I don't want another barrel. I'm tired of

people showing me that my barrel has no bottom. I want to haul my own garbage."

Commissioners directed Bryant to tell the man his garbage rates would not be waived.

Discussion of a possible adjustment in the sewage rates for apartment units was conducted, with Bryant showing that those apartments using a master meter for all units were saving money on water rates.

W.E. Williamson, Canyon apartment owner, pointed out that he would like to see an adjustment made so that vacant units would not be charged the minimum \$3 per month for sewage.

"I don't think anyone should pay for services that aren't rendered, and when an apartment is vacant there is no sewage service to that apartment," Williamson said.

Mayor Delbert Lowes asked Williamson if he had been aware of the city's charges when he installed the master meters instead of the individual meters. "Yes I was aware of the charges. But to save money in investment I installed master meters instead of the individual meters," the apartment owner said.

Commissioners decided to study the situation further before making any decisions.

A Canyon health ordinance was discussed at the regular meeting Monday. Commissioners referred the proposed ordinance to City Health Officer Dr. J. Manly Bryan and Bi-City-County Health Officer Dr. A.G. Randall of Amarillo for further recommendations.

The ordinance would require restaurants and cafes to have health permits. The ordinance would give the health inspector power to enforce health rules in Canyon food establishments.

The city also approved the request of R.D. Wheelock to keep a horse within the Canyon city limits.

Dedication Day Plans In Making

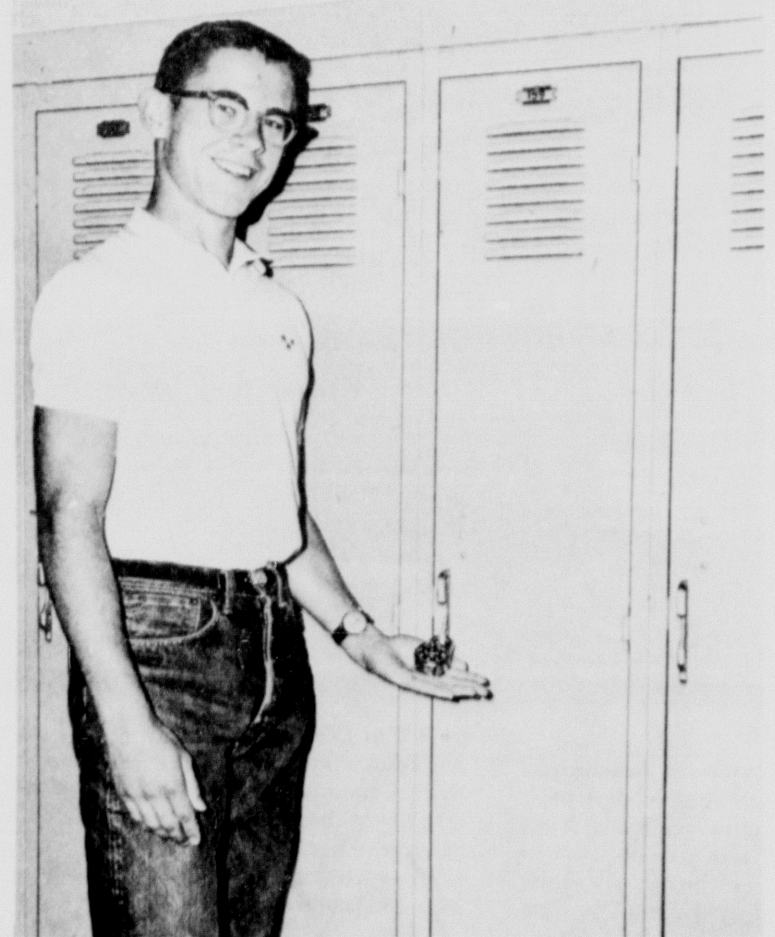

Preparations are being made to entertain some 700 persons Oct. 19 at a dedication day luncheon to be held on the campus at West Texas State University.

Area school superintendents will be the guests of Canyon Chamber of Commerce while presidents of area school boards will be guests of the Amarillo chamber.

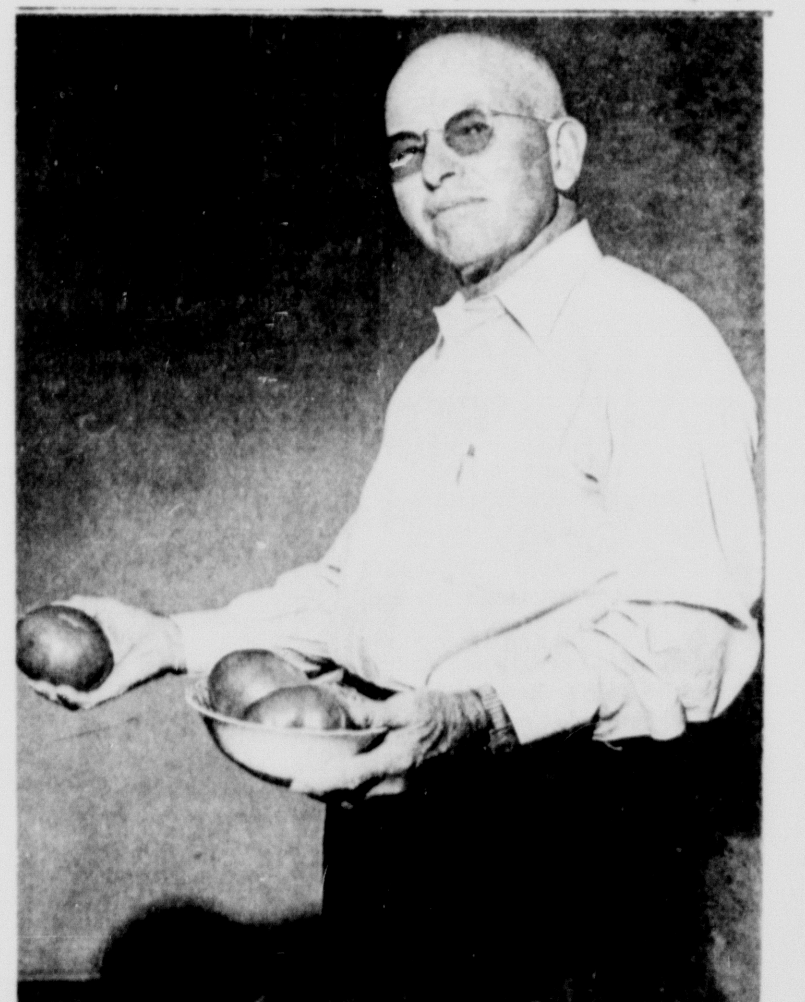

Members of the board of regents and officials from other colleges and universities will be guests of Dr. James P. Cornette, president of West Texas State University. State senators and representatives in the area will be special guests.

Roland Black, manager of the Canyon chamber, said plans have not been finalized. He made the announcement Monday night at a regular meeting of the Canyon Chamber of Commerce board.

Black said luminous signs should be installed on highways all four directions from Canyon within the next 10 days. The signs are to be installed and maintained under a contract with the Randall Sign Company.

JUST AN ACCIDENT says David Pittard, Canyon High School junior, who was the only student in school with a lock on his locker. The high school lockers were vandalized Sunday night. Pittard had a lock on his locker and his books and papers were kept intact. Pittard is a new student at CHS and he says that where he attended school before the students were required to have a lock. "I just got one before I realized we didn't have to have one," David explained.

Joe Cox is shown here holding some giant hybrid tomatoes grown by Mrs. Cox on the Cox farm 9 miles southeast of Canyon. The vines are growing on trellises about 7 feet high. "Best tomatoes I ever ate," comments Cox.

NEGRO THANKS GOD FOR SLAVERY

You may think you have heard enough about our Negro problem, but you haven't unless you have read the very interesting article below, which was clipped recently from the Dallas News.

I AM GLAD that my ancestors were Negro slaves. The first shipload of slaves reached our shores in the year 1619, some 344 years ago. In the year 1828, Congress passed a law prohibiting the importation of slaves.

So those members of my race whose ancestors reached America on the slave ships have been exposed to the civilization of the white man for 135 years.

My race has made tremendous progress since it came to live in this country. I own my home, which is neatly furnished and is fitted out with all modern electrical appliances. My three children were graduated from college, have good jobs and live in homes of their own.

AFTER YEARS of steady employment and hard work as a section hand, I shall retire next year on a good pension from the railroad. I enjoy good health and have no grievances.

My family has always had plenty to eat. For Sunday dinner we can afford such foods as black-eyed peas, grits, cabbage, corn muffins and fried chicken.

Had my ancestors not been slaves, life for me would be different. I would be living in the jungles of tropical Africa, exposed to the diseases and insects found in that region.

I would walk around in my bare feet with a metal ring in my nose, and around my waist I would wear a loin cloth - if I could afford one.

At night I would try to sleep on a dirt floor of a 1-room mud hut. Then on holidays we would feast on elephant stew, roasted grasshopper and the milk of a coconut.

I GET on my knees each night and thank God for permitting my ancestors to come to America as slaves.

That was the great blessing to our race, and I am thankful for it.

Since members of my race have traveled from the status of head-hunters and cannibals to that of members of Congress in Washington in less than 344 years' time, there should be no question about the abundance of opportunity for the Negro in America.

It is my hope that the time is not far distant when we will have a Negro as president of these United States.

Malicious Gossip

(An Editorial)

You are a man 35 to 40 years old. You've lived in your community 10 years or more. You've been a good bread winner for your family, you've contributed generously to your church, worked with Chamber of Commerce, Boy Scouts and other community undertakings.

You have a fairly nice home and some friends with whom you wouldn't part for a million dollars.

Suddenly your friends begin acting strangely. Either they pity you and show it, or they avoid you. You don't know what is wrong.

Suddenly some real friend calls you aside and drops the bomb shell. You and your family have been victims of malicious gossip, maybe for months, and didn't even know it.

You've gone your way, possibly even listened to gossip about others for all this time and didn't even suspect that you yourself were a victim of the faceless mob of "they say."

The first night you grieve in your own frustration. You may even wake up weeping a little with your pillow gripped tightly in a bear hug. If you're a smoker you get out of bed and chain smoke.

Your chest is tight and it seems like your heart will break through your rib cage. Then from sheer exhaustion you sleep an hour and go to work dead tired the next day your efficiency shot.

Your haggard appearance will even give credence to the stories that have been told about you. Those who delight in such things will remark that you are at last receiving retribution for the sins which "they say" you committed.

Then you decide to track down the rumors. Yes, just track them back to the source. You've never known real frustration until you try this.

Those who have repeated the story retreat into the faceless mob of "they say."

Finally, you fold your arms in mute resignation to the scars which the lie spread about you will leave on you, your friends and your loved ones. In your heart you know you'll never quite recover the faith you once held for your fellow man.

Yes, some of you was killed by the faceless mob.

We've thought of many solutions to the problem of gossip. We've even thought of asking the city commission to pass an ordinance allowing citizens of Canyon to wear guns ten days a year.

Then, as in the old days, malicious gossipers could be dealt with at forty paces with Colt .45s.

This being impractical, we suggest that anyone interested in stopping this calumny, which has been too rampant in our community the past few months, ask for absolute verification of any derogatory story they hear.

A good rule to remember is this: Anything "They Say" probably is a lie.

Search For Truth

(An Editorial)

Dr. James P. Cornette has chosen the search for truth as a motto for the institution he heads as West Texas State embarks on the new school year as a university.

We congratulate him. It is an apt choice.

Search for truth is one of man's greatest virtues.

Search for truth requires a willingness to lay aside prejudice and let the chips fall.

It requires an absolute refusal to begin its quest with a pre-conceived notion of what will be learned by the search and then accept only facts which will support that notion.

It requires the courage to look an adversary straight in the eye and level with him.

The truth will not tolerate rationalizing and remain the truth. No man can hide the truth, no matter how laudable his announced motive, without sacrificing his own character.

An individual, an institution or even a nation cannot long survive if the truth either is withheld or distorted for its "protection."

We salute a great Panhandle institution, destined to become a great university. Let us go forth with open and inquiring minds together in search of truth.

FROM THE CANYON RIM

A Dr. Walter Parr, executive director of Mexico Good Neighbor Project with offices in Lubbock, was through Canyon Saturday with about 50 Mexicans said to be peasants from that country's arid zone.

Parr said the group was brought into this country at the request of the American ambassador and presumably at American expense.

The group theoretically was here to study agriculture on the Texas Plains and to learn how better to till their soil.

Once we were conversant with the Spanish language but years of not using it has left our tongue rusty in the lingo of romance so we asked Dr. Parr to translate.

It was then that we got our first shocker. Dr. Parr doesn't speak Spanish and was able to converse only brokenly with his charges.

In spite of this language barrier, Dr. Parr seemed to be happy with his job and is gleefully looking forward to escorting 500 folks whom he does not understand on a similar trip.

To put a man in charge of a "good neighbor project" directed at a country whose language he does not understand is to us the height of folly.

Also we were surprised to learn that the peasants are not indigents as we had at first thought. In a mixture of Spanish and English we conversed with Ramon Castaneda, a Mexican agronomist with the group.

He informed us that the peasants in his area do very well for themselves. He said they eat high on the hog, in fact.

Most of them own the farms they work or are fast acquiring ownership through government instigated land reform.

He said the small farmer in his area sets a good table the year around and is adequately dressed.

Land reform is being carried out swiftly in Mexico. Large estates are being broken up and land is being apportioned out to

Stocker Weds Dorsey
In Umbarger Church

Nuptial vows for Miss Mary Frances Stocker and John Will Dorsey, Jr. were solemnized in a wedding ceremony performed at St. Mary's Catholic Church in Umbarger at 11 a.m. Tuesday morning of last week.

Parents of the couple are Mr. and Mrs. E.A. Stocker and Mr. and Mrs. John Will Dorsey, all of Umbarger.

Rt. Rev. W.F. Bosen performed the double ring ceremony before an altar that was ornamented with bouquets of yellow and white mums. Family pews were marked with royal blue bows that were centered with a small white artificial flower.

Appropriate wedding music was presented by St. Mary's Senior Choir.

Mary Ann Giromini was the maid of honor for the morning ceremony. Miss Virginia Friel served as the bridesmaid. They wore street length dresses of royal blue nylon chiffon over royal blue taffeta and carried bouquets of white carnations that were accented with royal blue ribbons. Royal blue pill box hats, sprinkled with white beads, completed their attire.

Best man was Lynn Marcus of Amarillo. William Max Stocker, brother of the bride, served as the groomsman. Ush-

ers for the ceremony were Gene Magera, brother-in-law of the bride from Amarillo, and Ed Grabber of Umbarger.

The bride, escorted and given in marriage by her father, wore a floor-length wedding gown of Chantilly lace which she had designed originally. Seamstress for the wedding gown was Mrs. Dorsey, mother of the bridegroom.

Designed with a square scalloped neckline and long petal point sleeves, the dress was lined with taffeta. An overskirt of white silk organdy was pleated at the waistline and trimmed at the hemline with a wide border of Chantilly lace that extended to the waistline on either side of the open overskirt. The sheath styled underskirt was of Chantilly lace with a scalloped hemline.

Her fingertip veil of white silk organdy was edged with a border of Chantilly lace and cascaded from a tall mother of pearl crown that was accented with individual pearls. She carried a cascade bouquet of white roses.

A nuptial mass was held following the ceremony and a statue of the "Blessed Virgin" was presented to the bride by Sodality.

Parish Hall of the church was the scene for a family dinner following the ceremony. Guests were entertained with a reception, lunch, and dance following the wedding ceremony.

The bride wore a royal blue suit with light blue and white accessories as the couple left on a wedding trip to points of interest in Colorado and New Mexico.

Prior to her marriage the bride was employed as a solicitor for Standard Oil Company in Amarillo. The couple will make their home at Friona where the bridegroom is engaged in farming.

Robertson-Henry Vows Are
Exchanged In Church Here

Miss Robbie Jo Robertson became the bride of Dale Carr Henry in a double ring wedding ceremony at the First Baptist Church of Canyon last Saturday afternoon with Rev. Strauss Atkinson, pastor of the church, officiating.

The bride is the daughter of Mr. and Mrs. Paul A. Robertson of Adrian and her husband is the son of Mr. and Mrs. Crows Henry of Canyon.

"I Love Thee", "Wedding Prayer", and the "Lord's Prayer" were vocal selections presented by Bud Lovell. Mrs.

Meade Humphries was the organist for the special selections and the processional and recessional music.

The ceremony was performed before a white wrought iron archway decorated with white gladioli and emerald foliage that was centered with large shimmering white wedding bells. The archway was flanked on either side by nine-branch spiral candelabra bearing lighted tapers, floor baskets of white gladioli and seven-branched candelabra that were all

joined with cathedral posts that were draped with white satin rope. Each post was decorated with small white wedding bells and a white kneeling bench and rail was placed in the center of the archway. A white aisle cloth was laid for the bridal party and family pews and wedding aisles were marked with white satin bows and shimmering white wedding bells.

A sheath gown of faced peau de soie designed with a pannelled front was worn by the bride

Mrs. Ray Bible Shower Honoree

A stork shower honoring Mrs. Ray Bible was given Wednesday evening of last week at the Curtis Butler home.

The honoree, Mrs. Bible, was in Neblett Hospital after giving birth to a son Tuesday evening prior to the shower.

Mrs. E. S. Trout and Mrs. John C. Bible, mother and mother-in-law of the honoree, opened the gifts that were later taken to Mrs. Bible at the hospital. The gifts were displayed on a table that was centered with an arrangement of roses.

About 30 were present for the shower. Hostesses were Mrs. O. C. Free, Mrs. A. S. Bednorz, Mrs. Truman Freeman, Mrs. Bob Brown and Mrs. Curtis Butler.

Each captain will present a group of individual workers. The entire corps will be guests of the association again at a kick-off dinner October 7.

A subsidiary attraction to holding membership in the concert association is the reciprocal phase, as Raymond Raillard, president, pointed out.

"Canyon members," he explained, "may attend programs in any neighboring towns presenting this series. Lubbock, Plainview and Clovis are three of the nearest communities which subscribe to the community concerts."

A complete schedule of programs in those towns is available from Raillard. Lubbock will present such artists this season as Mildred Miller, mezzo soprano; Claudia Arrau, pianist; and Donald Gramm, baritone.

The Plainview Community Concert Association will hear the Clebanoff Strins, the Telt-schiks (piano duo) and the Golden Curtain quartet.

C. Jennings Injured In Mishap Thursday Night

Two persons were injured, one seriously, in a car-pickup accident southeast of Canyon at 5:30 o'clock Thursday evening.

Cas Jennings of Canyon, driver of the pickup, was taken to Neblett Hospital in serious condition, and Mrs. Earlie Smith of Tulia was taken to Swisher County Hospital where she was treated and released.

Jennings was the only person in the pickup which was travelling east on Wayside Road nine

miles southeast of Canyon.

Mrs. Smith was a passenger in a car drive by her husband Earlie Smith of Tulia. The Smith's four year old son, Ira Lu, and an unidentified person riding in the Smith vehicle were

uninjured.

Wife Of Buff Coach Just Loves Football

By MARGO WILLIAMS
Most women like football but Frances Kerbel is crazy about it.

She has to be. She is married to one of the best college football coaches in the country and her eldest son is a member of the high school varsity team.

Her husband is Joe Kerbel, swiftly gaining national reknown as head mentor of the West Texas State University Buffaloes. Her son Joe, Jr., is the highly regarded center for the Canyon Eagles—District 2-AA defending champions.

"I love football, but each year about this time I go through agony worrying about the ball club and how they will do during the season," Frances Kerbel said.

But not all is agony. The attractive mother of five children thoroughly enjoys college football games and goes to all WT home games.

"All the coaches' wives sit together at the games, and we discuss the plays we don't understand. When there is something I don't understand, I always ask Joe about it later," the enthusiastic wife said.

Mrs. Kerbel was born in Poteau, Oklahoma, but her parents moved to Seminole, Oklahoma soon after her birth. She attended high school in Seminole and graduated in 1942.

"Joe lived in Seminole also, but he was two years ahead of me in school," she explained. Mrs. Kerbel went to Oklahoma University in Norman for

two years.

"Joe and I were married after my second year in college. He was serving in the Marines at that time. We were married at Quantico, Va. Marine Base in 1944 after he received his commission," Frances reminisced.

The couple was married only four months when Joe was ordered overseas.

"He was gone about 2 years, so I went home and stayed with my mother," Mrs. Kerbel said.

"I had never worked before and I told my mother, who owned a drug store at that time, to put me to work on a regular salary. The job certainly helped fill the time that Joe was gone," she continued.

Joe returned home in the summer of 1946 and began his last year of school at OU in September.

In the spring of 1947 the first of their five children Joe, Jr., was born. Following father Joe's graduation in the summer of 1947, he took his first coaching position in Bartlesville, Oklahoma. He was junior high and B-team football coach, high school track coach and the junior college basketball coach. The next year he was moved to assistant coach of the high school team, and the family remained there for three years.

"We then moved to Cleveland, Oklahoma where Joe took his first head football coaching position, and stayed there for two years," Mrs. Kerbel recalled.

The growing family moved to

Breckenridge, Texas. During the three years they were in Breckenridge, Joe's Buckeroos won the 3A state championship two of those years.

Joe coached at Amarillo High school beginning in the spring of 1956 and after a 25 and 8 record in the three years in Amarillo, the Kerbel family moved to Texas Tech as Joe was assistant coach in charge of offense.

"We moved to Canyon after we left Lubbock, and we just love it here." We always loved Amarillo so we felt like we were coming home," Mrs. Kerbel said.

"We also liked Breckenridge. The people there were so football minded and of course, I like

it because my mother lives there. So really Breckenridge is like my home," the charming coach's wife continued.

When asked about some of the problems she had in adjusting to being a coach's wife, Mrs. Kerbel said briefly, "I did have to get used to Joe being gone so much."

Another minor problem she had was with just learning the game of football.

"I didn't know a thing about football when we were first married. But you learn to love it, and then you begin to ask questions so you will understand the game," she said.

Besides her keen interest in football, Mrs. Kerbel's five

children keep her mighty busy. Joe, Jr. is 16 years old and plays football for the Canyon High School Eagles. Sharon is 14, Sammy, 9, Paula, 7, and Kathy, 3.

"What I need now is a babysitter for Saturdays so I can attend the home ball games," Mrs. Kerbel acknowledged.

After nearly 20 years as a football coach's wife, Mrs. Kerbel can smile happily and say that life connected with the football world is wonderful.

Mexican Peasants Tour University Farm Here

Some 50 Mexican peasants visited the West Texas State University farm Saturday as a part of a tour of the High Plains area.

The group came from the arid zones of Mexico, principally the states of Nuevo Leon, Coahuila, Tamaulipas, Zacatecos, Chihuahua, and others.

Shepherding the peasants was Dr. Walter Parr, executive di-

rector of the Mexico Good Neighbor project, Lubbock.

Parr said the Mexicans were here to learn how to extract more from their soil.

Leader of the party was Ramon Castaneda, a Mexican agronomist. Also occupying an official position was Senora Carolina Morales, a social worker.

"They are trying to find out how we took a desert and made a garden of it," declared Parr. Parr said plans call for sending 150 head of livestock into Mexico for FFA and 4-H Club project animals.

Castaneda said the Mexican

farmer lives well. He produces grain, milk and meat on his farm and does not sell these products but keeps them for the use of his own family.

"We no irrigate," said Castaneda in limited English. "But we have sufficient rain to crop the corn. Then the farmer he seed the wheat in the winter time. This keep his family eating well all the year. The grain he makes into tortillas.

This he would rather do than to sell it."

Mrs. Morales said the people eat a great deal of chili. "This is good for their hair," she explained. "There are very few Mexicans who are bald."

Contenada said most farmers own the land they farm.

Land in Mexico is measured in hectares, he explained. One hectare is equivalent to 2 1/2

acres.

Contenada said large estates are being broken up by the government and the land made available for the peasants.

He said land over a certain acreage must be divided "by law" among the people who work on it. He said the division is worked out on a percentage basis. The land owner is paid by the government for the land he loses.

The group went to Amarillo after leaving Canyon.

Parr said he hopes to bring as many as 500 on a similar tour soon.

Henry Meyer On Tech's Honor Roll

He has an overall average of 3.60 for the entire year.

Escapees Are Still At Large

Canyon may have a blooming young journalist in the years to come.

Little Teddi Crager turned in a 'news story' last week to her third grade teacher, Mrs. Libby Read.

The story was a result of a third grade science project begun this year under the direction of Mrs. Read. In the terrarium the class has collected a snake, a horned toad and more than a dozen caterpillars.

Claude Trips Cowboys 14-7 In Grid Tussle

BY MARGO WILLIAMS

Sparked by Denton Fox, Claude halfback, the Mustangs tasted sweet revenge against the Happy Cowboys Friday night.

Determined to uproot the Cowboys, who won last year's game, the Claude eleven took advantage of Happy fumbles to score a 14-7 victory at Claude.

Fullback Jim Hubbard of Claude kicked off to the Cowboys who carried the ball to their own 43 yard line. Off sides was called on the first down of the game pushing the Cowboys to the 38 yard line with a first down and 15 yards to go.

Halfback Tom Moudy tore through the middle of the line to give the Cowboys a second down and four yards to go on their 49.

Mark Maynard, halfback for Happy, pushed to the Claude 49 yard line with a two yard gain. Bill Wood, Mustang fullback, brought Maynard down on the 47 yard line. Jim McManigal, Happy fullback, took the ball from quarterback Eddie Moudy and drove to the 43 line for a first and 10 for the Cowboys.

Tom Moudy again took the ball and made six yards before guard Danny Campbell stopped him. McManigal ran the ball around the end but the Cowboys received a five yard penalty giving them second down and 9 yards to go. Maynard took the

handoff from Moudy running the ball to the 37 yard line before Don Victor tackled him. McManigal was through the middle again for the second 1st and 10 for the Cowboys.

Eddie Moudy attempted a pass but it fell incomplete. Tom Moudy picked up five yards on the next play putting the ball on the Claude 15 yard line. Again McManigal pushed through the middle for a gain of four yards, and Moudy made the next yardage giving the Cowboys a third first down.

Moudy attempted another pass but it rolled incomplete before reaching Tom Moudy. McManigal was called upon again but gained only one yard before running around the end for a gain of two more. With fourth down and seven yards to go Moudy passed to McManigal but the ball was blocked by Don Mitchell of the Mustangs.

Claude took over on their own five yard line and Mitchell ran it the next three plays putting them on the 14 yard line and a yard to go on the fourth down. The Cowboy defense held the Mustangs as they tried to make yardage on the ground. Denton Fox punted the ball from his own 5 yard line to the Happy 25 yard line where it was picked up by Maynard who ran to the 27 yard line.

Claude was penalized on the first down for offside giving Happy a first down and only 5 yards to run. Tom Moudy was

through the middle before being brought down by Jim Hubbard on the 38 yard line. McManigal carried the ball four yards for another Happy first and 10 on the 42 yard line. It was McManigal again around the left tackle for a gain of three yards before Leland Wood pulled him to the ground. Moudy moved the ball another four yards for a third down and three to go. McManigal was unable to move the ball for the needed yardage and Eddie Moudy chose to kick the ball from his own 40 yard line to the Mustangs 10 yard line.

Bill Wood again took the ball for a three yard gain with Gary Via ready to tackle him. Don Mitchell snatched the pig skin but Via was again on top of him with only a three yard gain. With a third down and 2 yards to go facing them, the Mustangs sent Jim Hubbard through the middle. Hubbard needed a foot for first down, and Claude kicked from their own 15 yard line. Denton Fox booted the ball downfield to the Happy 45 yard line.

McManigal took the ball on the first down and ran it to the Claude 35 yard line before Hubbard brought him down. McManigal again took the ball but was stopped on the 34 by Wood for the Mustangs.

Moudy attempted another pass to Maynard, but it fell incomplete. Cowboys were penalized 15 yards, and were unable to move the ball in the next three downs for the first down.

Mitchell took the ball on his own 35 yard line, but was pulled down by Tom Moudy after making four yards. Bartley passed to Fox but Happy defense had all receivers covered. Another incomplete pass play forced the Mustangs to kick from their 30 yard line to the Happy 34.

Happy fumbled the ball and Robert Tevebaugh, 170 pound center for Claude, pounced on the skin for a first and 10 in Happy territory.

On the first play Jimmy McGowan took the ball and was stopped by Joe Johnson. A 15 yard penalty was called on Claude pushing the ball to the Mustangs 45 line. Mitchell again failed to move the ball bringing the game to a fourth down and 15 for the Mustangs.

With the snap from the center, Bartley faded back and threw to Denton Fox who took it on the 50 and ran the field for the first half. Claude attempted a two-point conversion but the attempt failed. The score remained at 6-0 for the half.

Happy took the kick off from Hubbard, and returned the ball from the 20 to the 45 yard line. McManigal pushed through the line after making no yardage on the first down and moved the ball to the Claude 22 yard line before he was dragged under by Jack Allen. McManigal again took to the middle of the line and carried the skin to the 11 yard line. Moudy with the same driving force moved the ball to the 9 yard line and Maynard ran around the right end for three more yards gained.

Claude defense held the Cowboys on their own 2 yard line and took over on downs. Quarterback Kenneth Jones moved the ball a yard before Gary Via toppled him and Mitchell moved

pickup. Moudy took the ball on the 18 and ran to the Claude 5 for another first down for the Cowboys.

With five yards to go for the first Cowboy touchdown, Moudy, 140 pound junior for Happy, drove through the line for a 6-6 score. Culp kicked the extra point with 2 minutes and 19 seconds left in the third quarter. The ball game stood at 7-6, Happy's favor.

Happy kicked off and quarterback Jones moved the ball to his own 35 before Joe Johnson grabbed him. Bartley was caught behind the line by the tough Happy defense, losing four yards. With third down and 12 to go, Bartley handed off to Butch Brown who scurried to the Happy 15-yard line before Tom Moudy and Wayne Stevens were able to catch him.

Denton Fox again took the ball for a loss of 2 yards followed by a five-yard penalty. From the 23rd line Fox ran the ball around the right end for the second Mustang touchdown. With one second left in the quarter, Fox again aided with the 2-point conversion. The score stood at 14-7 at the opening of the fourth quarter.

Maynard grabbed the kick and ran to his 19 yard line. Culp made 6 yards on the first down, and Moudy followed with a 3 yard gain, before Hubbard brought him down. Maynard took the handoff from Moudy and zipped his way down field to the Claude 5 yard line for a first down. Moudy took the ball to the 2 yard line, and on third down and 2 yards to go, Happy fumbled and Claude recovered.

Bartley drove through the middle for a gain of one and tore through the middle on the second down for a gain of 3. Fox took the ball and ran to his 15 before McManigal brought him down. Mitchell moved the ball to the 30 and Bartley passed to Morrison for another first down for Claude.

Claude continued to move the ball downfield, but the team was held on the Happy 40 and kicked to the 31 yard line. Moudy fumbled the ball on the 31 and Claude recovered.

With the clock running out, Claude stayed on the ground. They were unable to move the ball, and Happy took over with 4 seconds left in the game. Culp tried to move the ball in two plays but the game ended with a final score of 14-7 for Claude.

Happy gained a total of 252 yards on the ground to Claude's 92. In the air Claude gained 99 and Happy rolled up only 3. Happy made 11 first downs to Claude's 7, and Happy was penalized 30 yards on 4 penalties. Claude lost 50 yards on 6 penalties.

The Cowboys play Silverton there tomorrow night for the third Happy game of the season.

Expect great things from Chevrolet again-for '64

Today...Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels. Delcotron generator, self-adjusting brakes and other low-keep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Johnny Reb Tougher As WT's Buffs Win 22-17

Shades of Bull Run!
The Rebels came close that time.

West Texas State 22, Arlington State 17.

It was a victory for Coach Joe Kerbel's Buffaloes but Johnny Reb suffered no Gettysburg at Buffalo Bowl Saturday night.

Coach Chena Gilstrap admitted he was pleased with his lads in gray even in defeat. And this is not surprising in view of his 49-0 shellacking at the hands of the Herd last season.

"Pedro was the difference," Gilstrap declared. "We never lost our leverage on him a minute when he made that touchdown

run. He just outran us. Not another back in Texas could have done it."

The game unfolded before 15,945 fans as the Buffs made their first appearance as a university team.

Arlington State drew first blood when alert Roger Richardson snagged a David (Hoot) Gibson aerial on the Buff 33-yard line, scoring with 10:08 remaining in the first quarter. The Rebels led 6-0 after the extra point attempt was blocked by Jerry King.

"Pistol Pete" Pedro was up to his familiar antics again. He ran, twisted and churned his small 160 pound frame for an even six yards per carry. One run was for 52 yards and the deciding touchdown. Pedro gained 162 yards in 27 attempts.

After the West Texas offense did get cranked up in the second quarter, under the direction of Gibson, it proved hard to contain at times. But at other times it ran as if it were out of gas against a stout Arlington defense.

Pedro was by far the leading rusher and offense leader, with Gibson next. The Odessa signal caller rambled 61 yards in 15 tries. Ollie Ross and Jerry Richardson each had 33 yards on the ground. Bill Lorraine was the only other Buff gaining rushing yardage with six.

Arlington State's field general—Doug Wilson—was second in total offense. He ran for 47 yards and gained another 45 via the air lanes. Wilson also shared duties with Ed No-

ble, making his 92 yards more impressive. He was a thorn for West Texas the entire night.

Guard Jim Denny and tackle John Varnell led the Buff line attack with their aggressive play. Denny is the light 180 pound "mountain mover" from Borger. Varnell did an outstanding job at his post.

Quinton Eppinette also made his presence known at his defensive end position. Richardson, along with Ross, was a stalwart in the secondary. Both were credited with a pass interception.

On the series of downs following Arlington's touchdown, the Buffs set up shop at their own 42 yard stripe after a 27 yard kickoff return by Richardson. A fourth and 13 situation faced the Buffs at the Arlington 13. An intended pass for Richardson fell incomplete, giving the Rebels possession of the pigskin.

Arlington and West Texas had the ball two series of downs each before Joe Kerbel's Buffaloes

got their first touchdown drive underway.

West Texas started its initial scoring drive at the Arlington State 40. Richardson gained 13 yards, Gibson 13 and Ross four yards, placing the ball at the one yard stripe. The big fullback also added the extra point to give West Texas a 7-6 lead with 11:35 to be played in the half.

The Rebels had received the ball on downs with only seconds remaining in the half on their own 46. A 42 yard pass from Noble to Vaughn clicked as the buzzer sounded. This was the only serious threat made before halftime.

Halftime statistics showed West Texas had more than doubled Arlington's yardage, 184-91.

Rebel halfback Jimmy Campbell took the second half opening kickoff from Ross two yards deep in the end zone. He fought his way to the Arlington 43 before being dragged down.

Ten plays, three first downs, and 47 yards later the ball was on the West Texas 10 with a two-and-one situation facing the Rebels.

A five yard penalty was issued the visitors, a try over right tackle failed and a pass fell incomplete. With the ball still resting on the 15 Alford Smith booted a 25 yard field goal. At 8:45 Arlington was out front, 9-7, leading West Texas for the second time.

Working from his own 32 after the kickoff, Pedro followed left tackle for a three yard gain. On the next play Gibson faked and went up the middle to the Rebel 43 on a 22 yard scamper.

Richardson then picked up eight, Pedro three and two yards in succession. Richardson attempted a pass to Bill Lorraine—it fell incomplete. With a third down and eight Gibson hurled a 30 yard pass to Richardson in the end zone. Four hands went up but when the flailing was finished Richardson had scored six points. Gibson circled right end for the extra points. West Texas led, 15-9, with 6:15 left in the third quarter.

Neither club threatened the remainder of the period. Arlington punted to the Buffs at the end of the quarter. Richardson ran four yards from his 39 to the 43.

On the first play Pedro gained four over left tackle. Richardson placed the ball on the 48 with a two yard plunge. Then "Pistol Pete" exploded.

Gibson took off on an option play around left end. A split second before he was hit he pitched on Pedro. Pedro shot down the left sideline like a jet going down a runway. The drive covered 58 yards in only three plays.

Ninth Grade Tips Borger

The Canyon Junior High School ninth graders downed Sam Houston of Borger 14-8 Thursday.

Canyon trailed the Poodles 8-0 at halftime.

But with fullback Jack Stevens leading the way Canyon notched the score in the third period. Joe Moore ran for the extra points.

Stevens made another TD in the middle of the fourth quarter to clinch the win.

Tommy Brewer and Richard Robinson, both linebackers, did good defensive jobs for coach W. M. Nickell. Robinson recovered two fumbles and tackle David Rossi grabbed one loose ball.

It was the opening game for the Freshmen.

They host Dumas today at 4 p.m. on the high school field.

The Canyon eighth grade team fell to Dimmitt 16-0. Dimmitt scored two TD's and two safeties.

The seventh grade won its encounter with Dimmitt, 20-6. Ike Lewis scored from 40 yards out in the first quarter. Stan LaGrone ran the extra point conversion.

Then LaGrone, a fullback, galloped 60 yards in the second period for a touchdown. Canyon led 14-0 at halftime.

Halfback Jackie Thresher added the final touchdown for Canyon in the third stanza. Dimmitt also scored in the third period.

Pistol Pete (21) rambles for yardage as the Buffs win over Arlington State 22-17. Coming in to haul the little speedster down is Roger Richardson (27), Rebel right halfback. In the background is Mike Cook (82). Pete rolled up impressive yardage in the contest.

After Ross booted the extra point with 14:02 left in the contest, it appeared that West Texas might make a runaway of the game.

But coach Chena Gilstrap's Rebels fought back gamely to notch another score and make the game much closer than the 1962 shellacking suffered at the hands of the Buffs.

West Texas was penalized five yards for off sides on the kickoff. On the second attempt Miller took the ball on the 14. He made one of the most exciting runs of the game as he evaded and fought off defenders

all the way to the West Texas 41. At that point the versatile Richardson grabbed him and pulled him out of bounds. The threat died at the Buff 36.

A perfect punt by Miller from that point rolled out of bounds at the one yard line. West Texas failed to move the ball on the first down and decided to punt instead of risk being caught behind the goal.

Arlington started its final touchdown march on the West Texas 40. Two offside penalties set the pigskin back to the 50. With a third-and-twenty Wilson circled right end for 21

yards. Five plays later Wilson threw a 15 yard touchdown pass to Vaughn. Noble hit Vaughn for the final two points with 9:37 left in the game. The score was 22-17.

The nearest either team came to the opponents goal line after that was made by West Texas. The Buffs were at the Arlington 29 when an attempted field goal by Ross veered off to the left.

West Texas outgained the Rebels 295-117 on the ground and 377-217 in total offense. The Buffs had 19 first downs compared to only 11 for Arlington.

West Texas will host University of Pacific at 7:30 p.m. Saturday in Buffalo Bowl.

Visiting with Mr. and Mrs. W. H. Stroud last week were her sisters and their families, Mr. and Mrs. John Anglin of Sunnyvale, California, Mr. and Mrs. Ed Geick and Mrs. Leila Geick, all of Colorado Springs, Colorado.

The Anglin and Geick families were enroute to El Centro, Texas to attend the Beaver Creek reunion and plan to visit in Canyon the last of this week when they return to their homes in Colorado and California.

W T VS UNIVERSITY OF PACIFIC

GAME TIME — 7:30 P M
SEASON RECORD
1 WON 0 LOST

NO. 10, JERRY RICHARDSON... HALFBACK... 6-3, 185, a senior from Canyon... nickname "Sticks"... Jerry is the "Do-Everything" man on the Buff eleven... in his three seasons on the WT varsity Jerry has done more jobs than everyone except the coaching staff. He has carried the ball for 465 yards, scored 80 points, made more fantastic pass receptions than the average bear, and thrown more downfield blocks than most players do in a lifetime over the past two seasons... and from the look of things last Saturday night against Arlington State, Jerry is taking up again where he left off last year.

Jerry scored a touchdown with a beautiful catch of a "Hoot" Gibson pass, gained 33 yards in 6 carries, caught three passes for 67 yards, made several key tackles and quarterbacked the defense. He played more than three quarters of the game... he is the number one product to play for the Buffs.

Jerry is an excellent student majoring in Business and plans to fulfill his military obligation after graduation from West Texas State. He is a top pro football prospect as a pass catcher or defensive halfback. Jerry is a team leader both on and off the field... a great year is expected of him in 1963.

NO. 65... GENE BALDWIN... GUARD... 6-1, 204... a junior from Hereford... Gene moved in to the starting left guard position when Mayfield was shifted to tackle... his first starting role came last Saturday night against Arlington State. He handled himself very well and should have a good season at left guard for the Buffs. He won a letter last year and proved to be a good trapper and blocker.

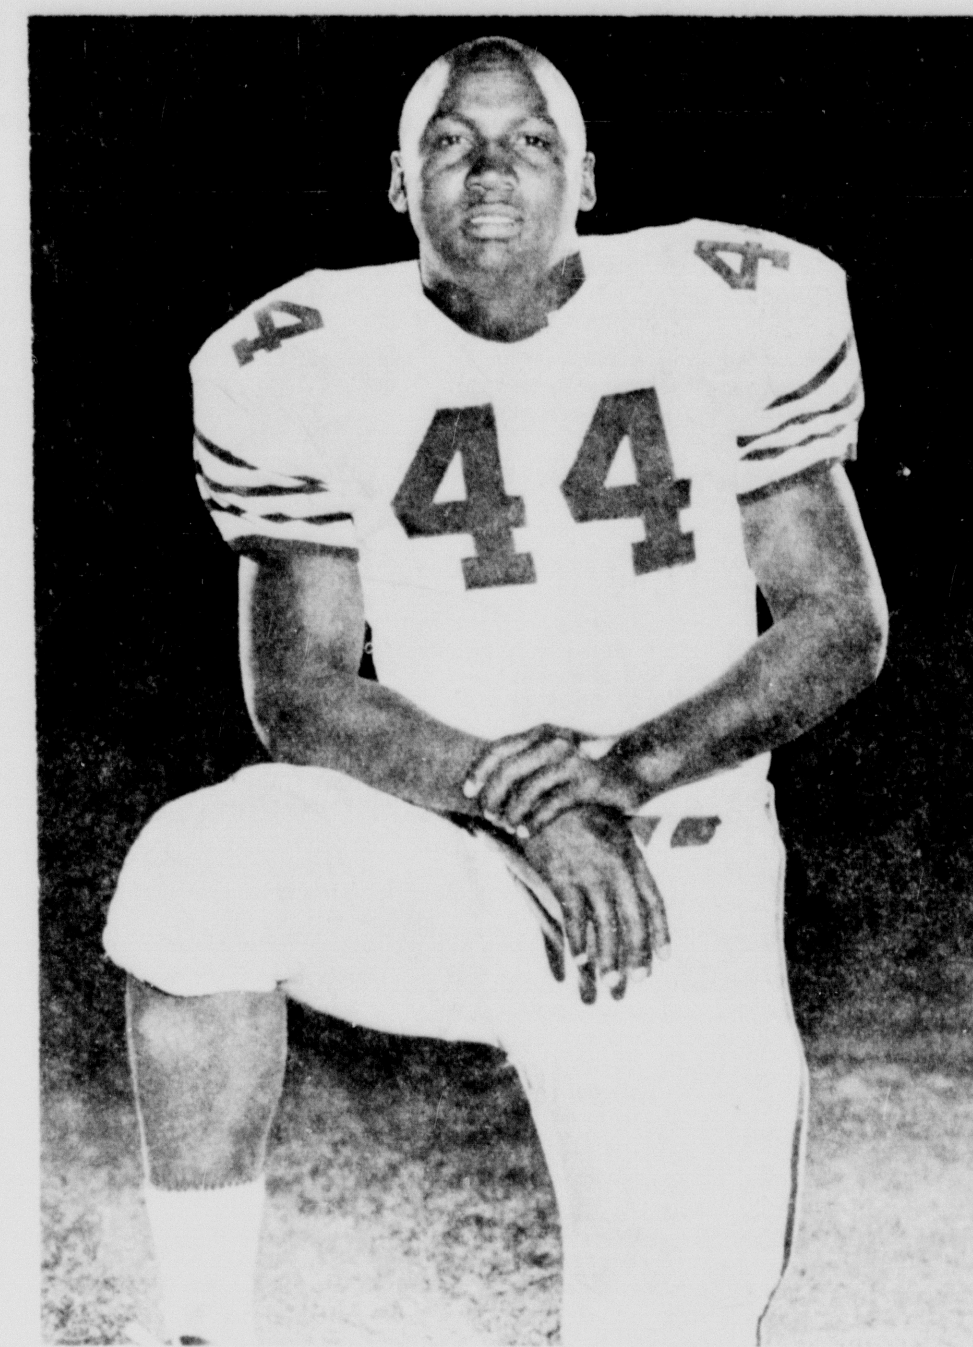

Gene was All-District for two years at Hereford. He had a good season as a member of the WT freshman squad two years ago and came on strong to letter on the second string last season. Gene has a brother and sister enrolled at West Texas State. He would like to take a crack at professional football before seeking a career as coach and teacher. Gene is a fine athlete and a fine representative of the student body of West Texas State University.

NO. 44... OLLIE ROSS... FULLBACK... 6-1, 210, a senior from Harrisburg, Penn... called "Boss" by coach Kerbel and his teammates. Ollie provides the blockbusting power for the Buff attack. In his third year as a Buff, Ollie has had some great days on the gridiron. He has averaged better than 5 yards every time he has carried the ball for West Texas. He showed no indication of slowing up against Arlington State... when short yardage was needed, Ollie carried the ball... he scored the first Buff touchdown of the year in the second quarter of the game by hugging the goal line from the 5 yardline in two carries. Ollie added two extra points by kicking to give him 8 points for the night.

He was a quarterback in high school and can still throw a pass over 60 yards... in his two seasons at West Texas, Ross has gained over 1000 yards and scored 48 points. He handles the kicking chores for the Buffs on punting, kick offs, extra points and field goals... fans marvel at the way Ollie booms his kick offs high and far down the field. Last season against Bowling Green he booted three kick offs over the end zone and up on the hill at Buffalo Bowl.

Ollie was drafted as a future choice by the San Francisco 49ers and hopes to make the grade as a pro football fullback next season... he is majoring in Physical Education and wants to become a teacher.

Kids Inc., Grid Play Under Way For Season

Kids Incorporated of Amarillo has included Canyon in its program for the first year.

The program was brought to Canyon through the efforts of the boys and girls committees of the Kiwanis Club. Also having much to do with having it brought to Canyon were Bill Taylor and Wayne Edmondson, both Canyon residents.

Kids Incorporated is sponsored, in part, by residents of Randall County. Donations are also received from civic organizations interested in youth.

The organization reaches out for youths between the ages of 8-11. Girls are included in softball, volleyball and basketball.

Boys participate in these sports, too. They are presently enjoying playing against other organized teams in football.

The boys are divided into two age groups for football. There is the 8-9 age group and also the 10-11. Canyon fields two teams in each division.

The only cost to the youngsters is the \$2.50 entry fee in each sport. Everything else is paid for by Kids Incorporated.

Each team plays six games a season. Clubs from Amarillo are in the same league as Canyon.

Games played in Canyon are held on Saturday on the field behind the high school. Part of the games are played in Amarillo.

There are 88 boys on Canyon's four teams.

Mr. Clarence Winn, coach of one of the 8-9 age groups, said he had enough suits for about four or five more boys to play.

Practice sessions are held every weekday afternoon except Thursday at Conner Park, at 4 p.m.

Winn's group, the Canyon Junior Eagles fell to Hilltop of Amarillo Saturday 6-0. It was a defensive contest all the way until Hilltop scored with only one minute remaining in the final quarter.

"Our boys did a real good job of holding Hilltop. Hilltop had two teams which they could switch. We had to borrow two players from another Canyon team to field a team," Winn stated.

The Canyon Junior Buffalo squad notched its first conference win over Amarillo Lamar Elementary with a 20-0 decision Saturday.

David Warren went up the middle on a five yard run late in the first quarter for the first touchdown. The extra point attempt failed.

David Low romped for a 30 yard touchdown in the second stanza. Des Altmiller followed his blocking for the two point conversion.

Canyon led 14-0 at halftime. Altmiller then broke loose on an end sweep in the third quarter for the final TD.

David Warren, Mark Vaughn and Joe Ziegler led the defensive attack. Ricky Brown and Sammy Kerbel anchored the

offensive blocking. Robby Carter set up two of the touchdowns with long runs.

This team is composed of Ed McBride, Doug Fisk, Glenn Johnson, Garry McBride, Neil James, Gary Hair, Ricky Zeigler, Tom Greenhoe, Terry Greenhoe, Sammy Kerbel, Joe Ziegler, Doug Phillips, Mark Vaughn, Dave Warren, Dave Low, Ricky Brown, Robby Carter, Mark Bagwell and Des Altmiller.

The Junior Buffaloes are in first place in the Kids Inc. Mustang Midget League. Their next opponent will be the South Georgia team from Amarillo Saturday at 2 p.m. at the Canyon Junior High School field. Don Kevit is the coach.

Public is invited.

The Canyon Buffaloes, 10-11

year olds, dropped a 12-0 tilt to Whittier of Amarillo in other action Saturday.

Canyon marked off some long ground gains but couldn't keep the drives going. Whittier capitalized on the breaks.

Outstanding for Canyon offensively was Ben Byrd. Halfback Randall Hicks also did a good job, coach Dale Martin said. Defensive standouts were Tom Warren, Rick Hales and Clay Michael.

The Buffaloes meet Avondale in their next outing Saturday at 2 p.m.

In the other Kids Inc. game involved the Canyon Outlaws dropped a 12-0 game to the Air Base Crimson Tigers.

The Tigers completed a 10 yard pass play for the first touchdown and a 50 yard run for the second TD.

Coach Virgil Belcher said, "The entire team did a real good job".

Their next opponent will be Hamlet of Amarillo. The contest is scheduled for 3 p.m. Sunday in Thompson Park at Amarillo.

Eagles Defeated 38-0 By Great Wolf Eleven

An estimated crowd of 4500 fans got a glimpse of what could be the next AA football champions as the Dalhart Wolves defeated the Canyon Eagles in Buffalo Bowl Friday night by a score of 38 to 0.

The Eagle offensive team seemed powerless against the Wolves defensive club. Canyon gained no first downs in the first half of play and only three in the last half.

The Dalhart defensive lineup poured through the Eagle line like a tidal wave to overpower the running backs and throw them for lost yardage time after time.

The first score came on a 41 yard dash by John Colquitt, 148 lb. back for the Wolves. With 7:42 left in the first quarter the score was 7 for Dalhart and

nothing for the Eagles. Exactly two minutes later Colquitt again scampered for 75 yards for the second TD. Dalhart quarterback Ronnie McClendon

electd to go for the two pointer and the score stood at 15 to 0. Jeff Colquitt, twin brother to John, got into the scoring column with 3:31 left in the half when he went over the double stripe from 24 yards out. The

kick for extra point by Dwight Clifton was good making the score 22 to 0.

The kick after touchdown was fumbled by the Eagles and recovered on the 6 yard line by the Wolves. After three attempts to go over for the TD Dalhart kicked a field goal which split the uprights for another three points making the score at the half 25 for Dalhart and 0 for the Eagles.

The second half got under way with Don Breitling kicking off to Dalhart. The kick was taken on the 16 yard line by Jeff Colquitt and returned to the 33. From the 33 yard line the Wolves marched 67 yards in 12 plays for another tally and extra point to make the score 32 to 0. Bobby Evans took the kick

after touchdown on the 10 yard line returning the ball to the 24 and it looked like the Eagles were on the move. Alex de Schweinitz carried the ball on 5 successive plays for a gain of 25 yards and Canyon was bogged down again. Canyon gained only one other first down the remainder of the game.

Much can, and probably will, be said for Coach Doug Ethridge and his Wolf pack from Dalhart. Special note should be taken of the touchdown twins, John and Jeff Colquitt. They will long be remembered by Canyon fans.

Visiting with Mr. and Mrs. W. J. Stewart last Sunday afternoon was their niece, Pat Stewart, of Pampa.

Miss Stewart has enrolled at West Texas State University for the fall semester.

Bowling News

The Kiwanis Club of the Canyon City League out bowled White's Auto four games last week as the fall bowling leagues began weekly competition according to Eddie Knowles, manager of the Canyon Bowl where the league play is held.

Other teams in the Canyon City League were Cooper's Market with three wins over Borden's; Randall County Abstract took three wins from Blackwell Insurance; and Happy Implement split a two-two series with Zac's Mobil Service, Bellair's Market and Sternberg Lumber both made clean sweeps with four wins over Western Auto and the Rotary Club, respectively.

Norman Tucek rolled the high game (228) in the Canyon City League play and the high series of games for the evening was Don Kevit with a score of 559.

In the Business Men's League a make up game will be played later this season between Taylor Evans and the Village Drive Inn. Results of play last week in the league were Graham's Grocery a split score with Team No. 2; Bill's Barber Shop took three games from LaGrone. Canyon News split the series with Canyon Glass and Trim.

D.C. Lindley rolled 196 for the high game during play in the Business Men's League. The high series was made by Veltor Sargee with a score of 535.

In the Koffee Cup League the Way Outs took four games from the Roarin' 30's; the Keyless 3 took three games from Team No. 3; the Slip-Ups won three games over Team No. 8; and the Musketeers took three games from Team No. 2.

Mary Bond had the high game with a score of 163 and she also took the high series with 414 in the league play.

Rattlers Tough Coach Declares

"They will be tough".

This was the comment of Canyon coach E. J. Webb in reference to the Friday night contest with the Stinnett Rattlers of District I-A.

Game time is 8 p.m. in Buffalo Bowl, weather permitting. If there is a forecast for rain the game will be played on the field behind Canyon High School.

Webb continued, "Stinnett is about the same as Dalhart. They have more speed and probably as much size. Stinnett's running game is probably its strongest point. The Rattlers are sure fine at that. Bobby Bain (quarterback) is also a fine passer. We feel like Stinnett is as tough as Dalhart."

Dalhart blasted the Eagles 38-0 Friday night at Buffalo Bowl. It was the first loss of the season for Canyon.

Webb has just reason for taking a pessimistic viewpoint toward the contest. The Rattlers are blessed with one of the fastest backfields in the Panhandle—all classifications included. Three of those in the Stinnett backfield were on the 440 yard relay team in track last season.

They had a fourth place finish at the state meet.

This coupled with a hefty experienced line could push the Eagles to their second straight loss of the season.

To make things even worse for the Eagles starting quarterback Don Breitling will probably be sidelined. He injured his knee in the contest Friday and didn't suit out the first part of the week.

Another quarterback, Tom Lair, hasn't worked out for two weeks and it will be at least another week before he can.

This will place the signal calling duties on the shoulders of Joel Richardson, a 131 pound senior.

Other probable starters for Canyon are Randy Buttrill and Alex de Schweinitz at halfback positions and Dennis Haley at fullback.

Ends will be Don Hawkins and Eddie Poole, guards Bill Miller and Jody Sheets and tackles Phillip Parker and Wayne Collins. Starting center will be James Evans, a 154 pound sophomore.

New Life For Bolivian Boy As He Begins Year At West Texas

BY MARGO WILLIAMS

A great home, a great town, and a great university sums up the feelings of Harry Kirkwood, 21-year-old WT student from Bolivia, after being in Canyon only two weeks.

Harry discovered West Texas State University while he was living in Amarillo in the YMCA this summer.

"When I came to America five months ago I planned to attend Amarillo College, but after I saw West Texas I decided to come here to school," Harry explained.

But what was Harry doing in Amarillo to begin with?

Young Kirkwood had heard the praises of the United States for several years from his older brother Johnny, who is stationed with the US Air Force in Amarillo.

"Johnny has been in America for almost 3 years. He really likes it here, so I thought I would too," Harry said.

But this was not the only exposure he has had with the United States.

Harry spent 12 years in the American Institute in La Paz, Bolivia where he was taught by American teachers.

"We studied a lot about America, and of course I took English," he continued.

Hal, the nickname he prefers, arrived in Canyon two weeks ago to find a place to live. Through the help of WT personnel he was told of a couple who would let him stay with them in their home. He moved in with Mr. and Mrs. E.C. Penick, and that "great home was established."

His opinion of Canyon is highly favorable. As Harry said, "The people seem very interested in many things, and they have been very nice to me."

For a young man of 21 years of age, Hal has seen much turmoil in his country.

"We used to have revolutions every year or so in Bolivia, and things were bad at those times,"

Hal pointed out.

"People were shooting in the streets and many of them were killed or injured," he continued.

But according to the young foreign student conditions are better in his home country now. The revolutions have ceased for a time, and his countrymen have returned to their jobs. Most of them in the tin mines.

"We have not had as much trouble in the past several years with revolutions as we did in the 1950's. Many of the problems were caused by the Communists, but they seem to be using different methods on the miners now," Hal observed.

The student, who is majoring in pre-engineering while at WT had many comments concerning the U.S. foreign policy in Bolivia.

The U.S. is doing a good job in Bolivia. They are helping a lot. We would rather have industry ourselves than have the U.S. set up industries there," he pointed out.

However, Hal believes the main need of the Bolivian people right now is for teachers. "The people need vocational teachers to show them how to do various trades," he continued.

Hal sang the praises of the Peace Corp work in Bolivia.

"Those people are working closely with the farmers and miners in my country. They are showing the people of Bolivia how to farm better, how to live better, and just helping them learn better ways of doing many things," he explained.

Hal's father, Edward Kirkwood, 45, is an accountant in La Paz and his mother, Ester, 42, is a housewife. Besides his brother in Amarillo, Hal has a sister, Virginia, 15. Mr. Kirkwood was born in Chili and Mrs. Kirkwood is a native of Bolivia.

"Life in Bolivia is different than in the United States," Hal observed.

"In Bolivia the children don't work so they run around with each other a lot. In the United States it seems that all the young people (teenagers) work. They don't spend much time with a large group of their friends,"

"Most of the young people

don't get married until they finish college. When they complete their work in school they get married and begin working," he concluded.

Hal's future plans include at least two years at West Texas State, and then he will transfer to the University of Texas to complete work on his engineering degree.

"After I graduate I hope to work in the United States for about two years and then go back to my country to live and work. I do like America, but I think I want to work in Bolivia," he

Parents Of Cub Scouts Meet Here

"Parents Night", for parents of prospective Cub Scouts, will be held Thursday (tonight) at Canyon grade school at 7:30 to make plans for the new year.

"Gee Whiz! I wish I were old enough to join the Boy Scouts," is often the comment of young boys. The Cub Scouting program is a branch of the Boy Scouts of America designed especially for boys eight, nine, and ten years of age.

Since Cub Scouting requires the participation of parents, it is necessary for parents to learn how to help their sons join and participate in the program. Each boy attending the parents night meeting must be accompanied by a parent or guardian.

All boys age 8 through 10 are eligible for membership in the Cub Scouts. The Cub Scout program provides common interests for boys and their parents with activities slanted toward the home and neighborhood and projects of interest are provided for the boys.

The Randall District Committee for scouting will hold a business meeting at noon tomorrow (Friday), in the cafeteria at West Texas State University. Plans for improving the scouting program during the next two years will be discussed at the meeting.

said.

When asked about his impressions of the Panhandle area, Hal said, "I really like this country. It is different than Bolivia but it reminds me of home in some ways."

In order to feel more at home in his new country Hal has begun to put all of his energies into learning about the many activities of the American people.

His first lesson began last week end with the Dalhart-Canyon High School football game. The first real football game he had ever seen brought delighted enthusiasm from Hal.

"We do not have football like that in Bolivia. Our game is like soccer. I have a lot to learn about it, but it looks like fun and very interesting," he exclaimed.

He is a long way from home, but Hal Kirkwood believes he has found a "home away from home" in Canyon. And he plans to take full advantage of the opportunities which come his way in the next two years while at West Texas State University.

Kenny Bacon Has Bicycle Accident

Kenny Bacon, 11-year-old son of Mr. and Mrs. A. L. Bacon of Canyon, received a broken tooth after the bicycle on which he was riding ran into a car door.

Kenny was riding down Fourth Avenue last week when a car door was opened in front of him. He hit the car and the impact caused him to fall from the bike.

The youth was taken to Nehalem Hospital by his parents and was released after examination.
